

11th WORLD CONFERENCE Maastricht 2021

MECC, Maastricht, Netherlands | 26th - 28th September 2021

Call for Papers Reminder

EFEE 11th World Conference on Explosives and Blasting

Sunday 26th to Tuesday 28th September 2021

The Maastricht Exhibition & Conference Centre, Maastricht, The Netherlands

We would like to take this opportunity to remind you that the deadline for submitting abstracts for the 11th World Conference on Explosives and Blasting is **Friday 2 April**.

If you wish to submit an abstract for inclusion in the conference programme please follow the guidance shown below or visit the conference website.

Thank you to those that have already submitted abstracts, the technical committee will review the work and we will be in touch at the end of April.

About the Conference

The EFEE World Conference has established itself as one of the key international explosives forums. Our Helsinki conference in 2019 was attended by over 400 delegates from 52 countries with a large exhibition including some of the largest names in the industry.

COVID

EFEE is constantly monitoring the COVID situation and recognise that it is hard to predict how the situation will look in September, however, we are hopeful that with vaccines being delivered to countries across the globe, the world will return to a new 'normal' by September. We understand that our delegates, speakers and exhibitors need to make commitments that will incur cost, for this reason we will make a final decision by 30 April as to whether the conference can take place or will be postponed.

Venue

The 11th World Conference on Explosives and Blasting will take place at The Maastricht Exhibition and Conference Centre (MECC). The MECC has just completed a full refurbishment and offers considerable conference space throughout the exhibition, technical rooms and catering areas which will allow us to deliver a safe conference incorporating COVID-19 restrictions.
